| * The Mirror Lake: A perfectly still lake with reflective waters that seem to show glimpses of the past, present, and future. Travelers often come to the lake seeking visions or guidance, but the true nature of its visions remains a mystery. |                |                                             |                |            |              |                    |  |  |  |
